

Storm Beam 200

Storm Beam 200 is an ultra-compact IP beam moving head, delivering a powerful output, with a solid fat, sharp and clean beam at 2°. It has a super-fast and precise X/Y movement, fast gobo-color effect and clean projection, plus the dual-prism overlay effect. Ideal for outdoor performance and landscape lighting.

light source	200W white LED module
beam angle	2°
max. power / voltage	320W / AC100-240V
pan / tilt rotation	540° / 270° (8-16bit)
dimmer	0-100% 16bit
rotating gobos	8 gobos + white, gobo-flow effect, gobo shake, bi-directional rotation
colors	one color wheel with 6 dichroic filters + white, rainbow-flow effect
prism	one 8+16 facet prism and one linear prism
focus	motorized linear focus
color effect wheel	rainbow color wheel
ambient temp.	-20°C-45°C
connection	power in/out (powerCON TRUE1), signal in/out (XLR 3/5)
cooling	direct convection
control	DMX512, RDM, ARTNET, sACN, web-server, W-DMX (optional)
size / weight	411x280x603mm / 28 Kg
housing	flame-retardant plastic (V0), die-cast aluminium
color	black
IP rate	IP65
certification	CE, MET
