

Spark

STROBE3C1

SparkStrobe 3C1 uses 630x 1W RGB + 630x 0,3W white LEDs in a compact design that ensures easy and quick setup. A powerful and versatile IP65 strobe luminaire.

light source	630x 1W RGB LED + 630x 0,3W white LED
light output	38000lm
max. power consumption	800W
input voltage	220-240VAC 50/60Hz
optics	140 degrees
control protocol	USITT DMX512 A
material / color	die-cast aluminum / black
certification	CE and RoHS2
dimensions / weight	490x285x105mm / 9,05kg
cooling	convection
working temperature	-10°C to 40°C
IP rating	IP65
